

## CELL SHOCK CELLULAR EYE MASK COMPLEX

### FOR A REFRESHED EYE CONTOUR

Being very delicate and fragile, the skin tissue around the eye is the first to show signs of fatigue and ageing.

From the first application, the area around the eyes will appear more awake, brighter, and refreshed. Puffiness will be minimized, and skin will appear smoother. The skin will feel soothed and calmed.

Ref. 1037 – 30 ml

Ref. 1037C – 150 ml

### THE BENEFITS

- Noticeable lifting and skin regeneration
- Soothes and calms the eye area
- Reduces puffiness

### THE CUSTOMER

- Devitalized and tired eye contour
- Ideal for an eye contour that requires an intensive cooling and repairing, all-in-one treatment

### THE TECHNOLOGY

#### CELLACTEL 2 COMPLEX

A unique cell-regenerating complex that boosts vital skin functions and revitalizes cellular metabolism to “lift” the skin and visibly reduce wrinkles

#### POLYSACCHARIDE OF MARINE ORIGIN (Macrocystis Pyrifera Extract).

Provides immediate and sustained firming and toning of the skin.

#### EYEBRIGHT, GINGKO BILOBA EXTRACT & HYDROLIZED ALGIN

Soothing and anti-inflammatory ingredients which help to decrease and counteract eye area inflammation and potential irritation.

#### CAFFEINE

Helps to reduce puffiness around the eyes.

#### HYDRACTIN™

A unique cosmetic active ingredient, effective in three ways:

- As an energy source, stimulating and activating the cellular metabolism
- Reduces trans-epidermal water loss
- Provides the skin with new freshness and beauty

## HYALURONIC ACID

A naturally occurring polysaccharide (complex sugar), acts as a “molecular sponge”, trapping and holding water up to a thousand times its own weight.

## THE RITUAL

---

Remove two pads from the package and fold in half. Moisten the pads with 3 to 4 drops of solution on each side of the fold. Distribute the fluid evenly by lightly pressing folded pads together with your fingertips.

Unfold the pads and place gently underneath the bottom lashes. Repeat for the other eye and leave on for 10 to 15 minutes before removing. If there is any liquid left on the skin, gently tap it in.

The Cellular Eye Mask Complex can be used daily as a mask or as a serum, in which case a few drops of the solution should be gently pat in on the bony part of the eye area.
