

CELL SHOCK LIP ZONE CORRECTIVE COMPLEX

GLOBAL ANTI-AGEING FOR THE LIPS AND LIP CONTOUR

A concentration that goes beyond that of a lip care product and can only be compared to that of a serum.

It merges the cellular nutrients of Cellactel 2 with a clinically proven association of Hyaluronic Acid and Tripeptide-1.

With regular use, the entire lip area feels smoother and firmer and appears increasingly plumped and well defined.

THE TECHNOLOGY

CELLACTEL 2 COMPLEX

A unique cell-regenerating complex that boosts vital skin functions and revitalizes cellular metabolism to “lift” the skin and visibly reduce wrinkles

VEHICULIZED HYALURONIC ACID

A vehiculation technology that reduces and homogenizes the particules of hyaluronic acid up to 1 μ m to enhance penetration. When in contact with intercellular moisture, they swell and fill in the existing fine lines.

TRIPEPTIDE-1

Supports the skin against harmful effects of sun exposure, inhibiting glycation to prevent the loss of collagen and protect from photo-damaged induced ageing.

CERAMIDES, BEESWAX AND VITAMIN E

Strenghtens cohesion and grant smoothing benefits to drier lip conditions.

THE RITUAL

Smooth one droplet directly on the entire lip zone (lips & contours). Repeat application as often as needed throughout the day.

Allow some time for the Lip Zone Corrective Complex to penetrate before make-up application.

Should also be applied at night before sleeping.
