

360° ANTI-WRINKLES SERUM TRIPLE COLLAGEN COMPLEX

FOR A VISIBLE LINE-FILLING EFFECT

This silky nectar, anti-wrinkle serum fortified with a triple collagen complex provides a visible line-filling effect by infusing dry skin with intense moisture and lasting resilience.

It offers three different paths to collagen refurbishment by:

- Increasing the skin's own collagen production (via soluble collagen)
- Strengthening it (via a collagen boosting peptide and botanical extracts)
- Safeguarding it (via collagen protective factors)

THE CUSTOMER

THE TECHNOLOGY

TRIPLE COLLAGEN COMPLEX

The complex is comprised of:

- Soluble collagen: which increases collagen production
- A collagen boosting peptide: (Palmitoyl Pentapeptide-4) which strengthens collagen, together with botanical extracts from Argan Tree
- Collagen protective factors: micro-algae *Nanochloropsis Oculata* together with a well-balanced fraction of polysaccharides, which safeguards collagen.

HYALURONIC ACID

It is known to improve the skin's density and resilience. This low molecular weight hyaluronic acid has a reduced molecule size that facilitates its delivery and enhances its penetration across the skin barrier, providing an immediate and long-term filling effect.

OCEAN MATRIX COMPLEX

Comprised of polysaccharides from botanical origin and a lyophilizate from the red algae (*Porphyridum Cruentum*) is optimized to give a tightening effect that is intense and immediately perceivable. It also offers remarkable skin smoothing effects reducing roughness while acting like a protective barrier against oxidative stress.

CELLACTEL 2 COMPLEX

A unique cell-regenerating complex that boosts vital skin functions and revitalizes cellular metabolism to "lift" the skin and visibly reduce wrinkles

THE RITUAL

Apply the serum every morning an/or evening, over the face and neck.

It is the ideal companion of the Cell Shock Luxe Lift cream and any other daily moisturizer.
